3. Homework

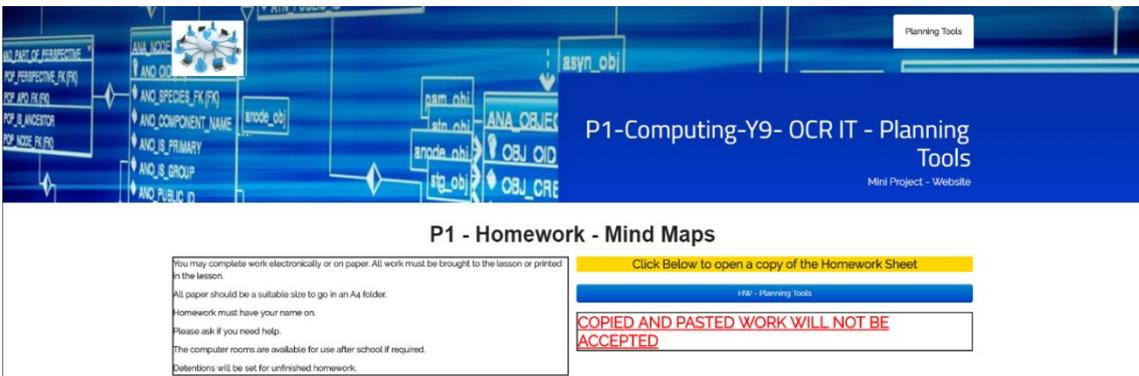

On this page you are able to view your child's homework calendar. It shows you when the homework is due and what the homework is.

When you have clicked on the homework, you will be brought to this.

When you click on "Open Assignment" the homework that has been assigned from your child's teacher will show up. As seen below.

On the left is the homework that had been set by the teacher. This has been viewed through the "Open Assignment"

THIS DOES NOT SHOW IF YOUR CHILD HAS COMPLETED THEIR HOMEWORK AND HAVE HANDED IT IN.

4. My Child

My Child

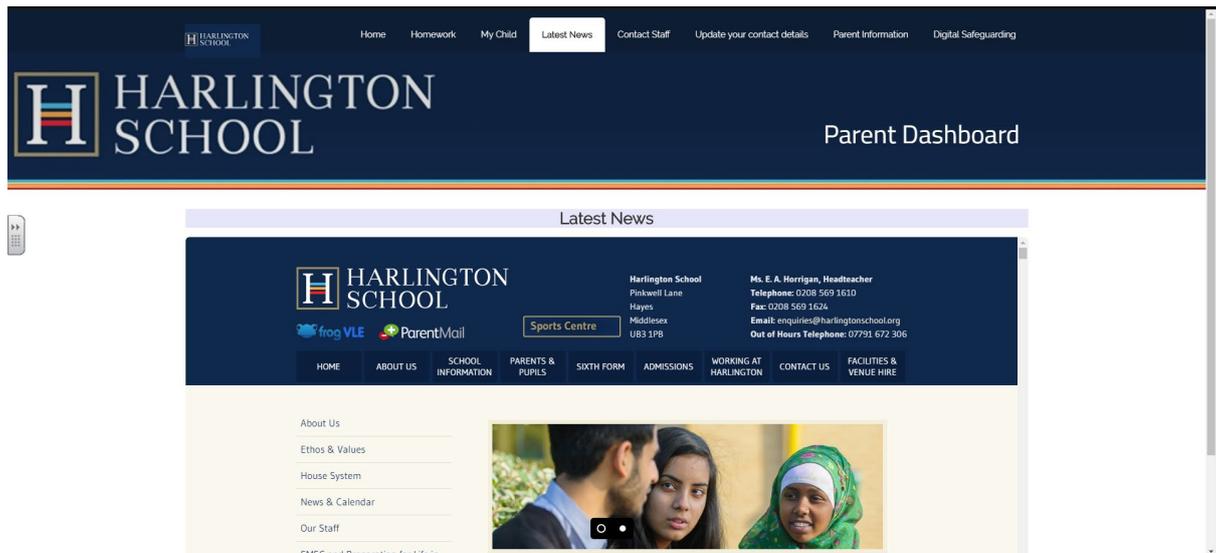

The screenshot displays two main sections: 'Lesson Timetable' and 'Curriculum Dashboard'. The 'Lesson Timetable' on the left shows a weekly schedule for Monday, 7th Jan 2019, with lessons for Tutor Period, Mathematics, English, Geography, and Computing. The 'Curriculum Dashboard' on the right features a grid of subject buttons (e.g., Art, Biology, Chemistry, English) and a 'Year Group Dashboards' section with buttons for Year 7 through Year 11 and 6th Form. A search bar is also visible.

On this page you are able to view the curriculum subjects that your child is taught. By clicking on the subjects it shows you the resources that your child has access to and the homework that has been set.

Above on the left, you are able to view your child`s timetable. This makes you aware on what lessons your son/ daughter has had today.

Year Group Dashboards are filled with notices for each year group which you have access to. This will keep you in touch with current affairs regarding your child`s year group.
